The Schedule of Benefits is a listing of services that may be covered under the plan. Benefits listed are subject to all provisions and limitations as outlined in the Evidence of Coverage. Please reference the Evidence of Coverage for details regarding the benefits listed below. The enrollee is responsible for deductible, copayment or coinsurance applied to eligible service expenses. For services that require prior authorization, network providers must obtain authorization from us prior to providing a service or supply to a member. You should confirm with your provider that they have received prior authorization for a covered service prior to your treatment. An overview of Preventive Services covered with no cost share can be found within your Evidence of Coverage.

Pursuant to the Federal No Surprises Act and applicable state law, you are only required to pay the in-network cost sharing for non-network emergency care, including air ambulance services; for certain ancillary services provided by non-network providers at in-network facilities; and for covered services by a non-network provider at an in-network facility when you do not provide informed consent. Charges you incur for services from a non-network provider that fall in the scenarios listed above will accumulate towards your in-network deductible and/or maximum out-of-pocket amount. Please refer to your EOC for further information.

Standard Silver VALUE-94% AV Level Silver Plan
